THRIVE

"I'm excited to welcome you to our new well-being support program, **Thrive@Avnet**. Each area of **Thrive@Avnet** is imperative to overall health and well-being. By offering resources and assistance programs in each of the four core areas, we're ensuring our employees have the support they need to deliver their best work daily and experience a balanced and healthy life."

– Chief People Officer **Ken Arnold**

Your life is more than your work at Avnet. Your success is critical to Avnet's success, so we want to make sure you have the tools and information to thrive and live well. That's why we've created our well-being program – **Thrive@Avnet: Resources for living well**.

We've combined all of Avnet's global and regional programs, tools and initiatives into **Thrive@Avnet's** four core components:

Mind + Body – Your physical and mental health, fitness and well-being

Career – Your professional growth, skills and development

Money – Your Total Rewards, retirement planning and money management

Connection – Your community, networks and social interests

These four areas are interconnected and important to your health and success. Find all the resources and information you need at **Thrive@Avnet** on **Compass**, including:

- **Dedicated pages for each of the four Thrive elements**, presenting topic-specific resources at the global, regional and country level.
- **Easy, convenient access and links** to the most popular resources on HR Now under each of the four elements of Thrive.
- Staff-selected **LinkedIn Learning videos** relevant to each Thrive element.
- **QuickLinks** to global resources including HR Now, Workday, Thrive events & news and an archive of previous issues of Thrive newsletters you may have missed.
- **Thrive@Avnet** on **Compass** is intended to be the first place you visit for well-being programs. It is not a replacement for HR Now, our comprehensive database of all HR resources, but Thrive@Avnet makes it easier to find the resources you're looking for on HR Now. If you can't find what you need on Thrive, simply search HR Now using the QuickLink that appears on every Thrive page.

Feel free to reach out to the **HR Service Center** should you have any questions or suggestions.

This brochure provides only highlights of the benefits offered by Avnet. Additional details are set forth in the summary plan description for each plan posted on avnet.me/spds. If there are any inconsistencies between this brochure and a summary plan description (which also serves as the official plan document), the summary plan description will govern. Notwithstanding the foregoing, this document may describe changes to the health plans that are not yet reflected in the summary plan descriptions. With respect to those changes, this document is intended to serve as a summary of material modification that sets forth the applicable terms of the plan. Avnet reserves the right to modify, amend, or terminate any of the benefit plans, in whole or in part, with or without prior notice, at any time. This brochure does not serve as a contract or offer of employment. If you have any questions, please contact the HR Service Center at 888-99-HRNOW.

Health Plan Eligibility

All regular employees scheduled to work 20 or more hours a week are eligible for medical, dental, vision and flexible spending account (FSA) benefits. Your coverage can begin on the first of the month after date of hire. You may enroll your eligible dependents in the same medical, dental, and vision plans in which you are enrolled.

Choose coverage for:

- Employee
- Employee+Spouse
- Employee+Child(ren)
- Employee+Family

Eligible dependents include:

- Your legal spouse (a former spouse does not qualify)
- Your children/stepchildren who are younger than 26 years of age and children for whom you are the legal guardian
- Your children who are primarily supported by you and incapable of sustaining employment by reason of mental or physical disability

Ineligible dependents include:

- Domestic partner/fiance'
- Grandchildren (unless you have legal guardianship)
- Former spouse if you are legally divorced
- Parents or grandparents

Open enrollment is held each fall, with coverage changes effective on January 1.

When you leave Avnet, health coverage continues until the end of the month in which you terminate.

Changing Your Coverage

Once enrolled, you may not change your medical, dental, vision or flexible spending account elections until the next open enrollment period. However, certain changes may be allowed during the year if you have a qualified change in status that is reported to the HR Service Center within 30 days of the qualifying event. If you do not meet this requirement, the IRS rules will not allow the change*.

If you or your spouse are enrolled in an Avnet medical plan and have a baby, your newborn baby is covered for the first 30 days following birth. However, you must add your baby to your plan in Workday within 30 days of birth for coverage beyond the initial period*.

Life insurance elections, health savings, and commuter accounts can be changed in Workday at any time during the year.

Qualifying events include:

- Birth or adoption of a child
- Legal guardianship or Qualified Medical Child Support Order
- Loss or gain of coverage under another plan
- Change in marital status, including legal separation
- Death
- Loss of COBRA coverage, but only if it is the end of the continuation period

In addition to the above events, you may make changes to your dependent care flexible spending account if:

- The amount you must pay for dependent day care changes
- A change in employment status for you or your spouse changes your dependent care needs

*Special COVID-19 rules may apply

The HSA 70, HSA 80, and Classic 70 (PPO) are Preferred Provider Organization plans utilizing the UnitedHealthcare (UHC) Choice Plus network. You can receive care from any medical provider, but your costs are lower if you use a network provider because they have negotiated (discounted) rates. California employees have an additional choice of a Kaiser Permanente plan. As you compare all your medical options, be sure to review the deductibles, coinsurance percentages, out-of-pocket maximums, and employee contributions for each plan.

HSA 70 and HSA 80 Plans

Avnet offers two consumer-directed health plans (CDHPs), which are IRS-qualified health plans paired with a health savings account (HSA). CDHPs give you greater control over your healthcare decisions and how you spend your money; and they can help you save for future healthcare needs.

How Does a CDHP Work?

The first element of a CDHP is enrollment in an IRS-qualified health plan – either HSA 70 or HSA 80. By enrolling in one of these plans, you will be eligible to open a personal account earmarked for healthcare expenses called a health savings account (HSA). You can contribute pre-tax money to this account to be used to pay your out-of-pocket healthcare expenses, such as deductibles and coinsurance amounts. Avnet will also make a contribution to your HSA each year (available to you in January or when you are eligible if you enroll mid-year).

Avnet has contracted with HealthEquity to establish an individual HSA bank account in your name and administer your account. Your HSA belongs to you, rolls over from year to year, and goes with you even after your Avnet employment ends. After you accumulate \$2,000 in your HSA, you can also choose to invest your money.

2022 HSA Limits*

Plan Tier	Employee Only	Employee + One or More Dependents
Total Contribution	\$3,650	\$7,300
Avnet's Contribution**	HSA 70: \$200 HSA 80: \$400	HSA 70: \$400 HSA 80: \$800

*Avnet's contribution goes toward the annual limits, which are set by the IRS. Employees age 55 or older can contribute an additional \$1,000 to their account.

**Employees who enroll in a CDHP July 1 or later will receive half of the Avnet contributions shown.

Medical plan expenses (including most prescription drugs) are your responsibility until you meet the annual deductible. The only exceptions are covered preventive services paid at 100% (network provider only) and select preventive prescription drugs (e.g., diabetes, high blood pressure, cholesterol, etc.) available for a copay.

After meeting your deductible, you pay the specified coinsurance and your cost for prescription drugs is capped (see page 6).

In order to open and make and/or receive contributions to an HSA:

- You must be enrolled in Avnet's HSA 70 or HSA 80 plan;

- You must not have any other medical coverage (including Medicare) unless that coverage is also IRS qualified;
- Your spouse cannot participate in a flexible spending account (unless it is for dental and vision only); and
- You cannot be claimed as a dependent on someone else's tax return.

If you do not meet the above requirements, you can still enroll in the HSA 70 or HSA 80 plan for your medical coverage, but you would not be eligible to make HSA contributions yourself or receive the company HSA contributions. Please notify the HR Service Center if this applies to you.

Classic 70 Plan

Avnet offers the Classic 70 plan where you have copays for network provider office visits with x-rays and lab included (some limits apply). Urgent care, emergency room, hospitalizations, etc. are subject to the plan deductible, then coinsurance. Covered preventive services are paid at 100% (network provider only). Prescription drugs are not subject to the deductible.

Kaiser Permanente Plan (California)

Avnet offers a medical plan where all services must be provided by Kaiser (emergencies excepted). Covered preventive services are paid at 100%, doctor visits have a \$40 copay (specialist referrals are typically required), and lab/x-ray/hospitalization are subject to the deductible.

Medical Plan Comparison

Spend a few minutes to ensure you enroll in the right plan for your individual needs.

Avnet offers an online tool to enter your projected healthcare use and see a side-by-side comparison of what your out-of-pocket costs (including biweekly contributions) will be if you enroll in any of the four medical plans (both UHC and Kaiser). You can then choose the plan most appropriate for your needs.

NOTE: If you enroll dependents in the HSA 70 or HSA 80 plan, you will have to meet the family deductible before coinsurance will apply. In the Classic 70 or Kaiser plan, one person can meet the deductible and then coinsurance will apply.

¹FDA-approved generic drugs only.

²Your local healthcare provider may offer telehealth options where you can receive care via phone or video chat. Typically, these are not considered virtual visits and would be paid according to the office visit benefits of your plan.

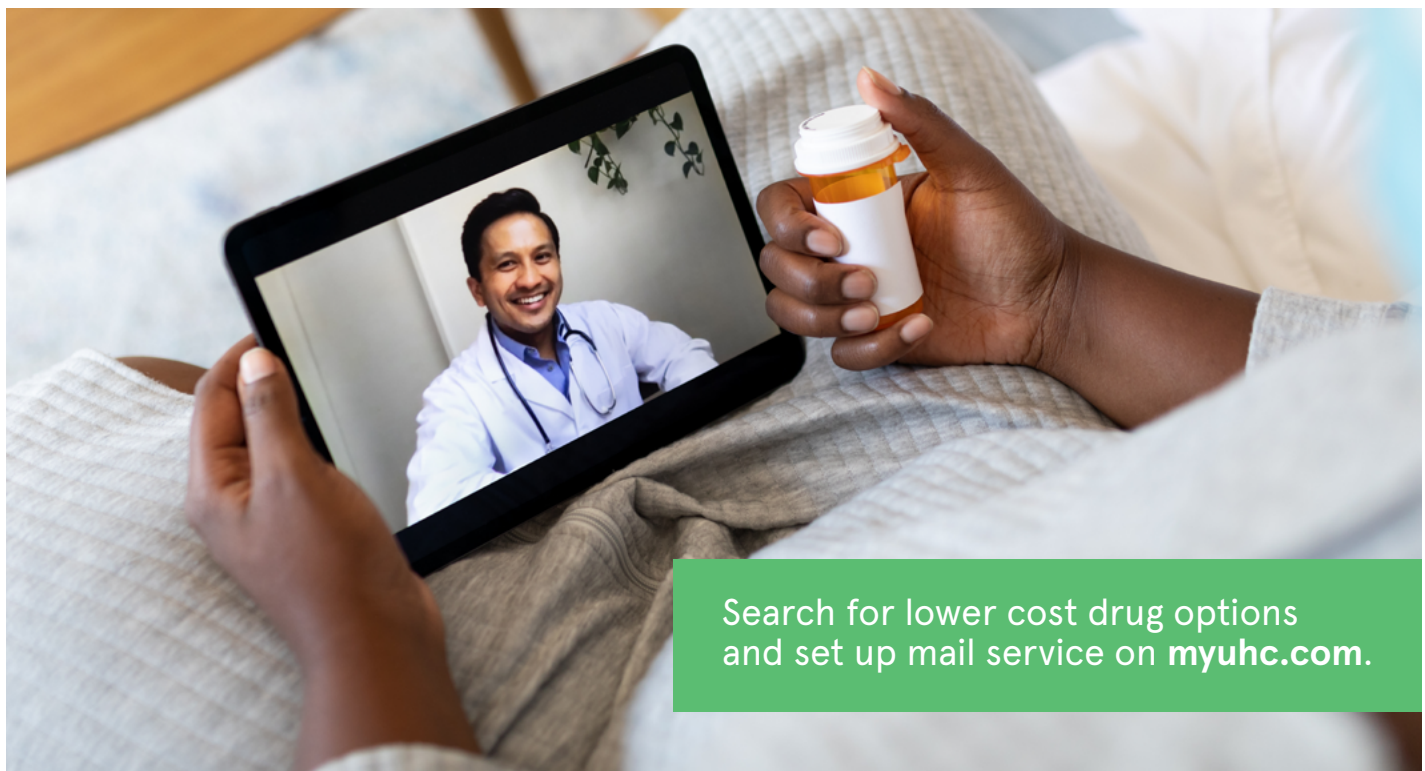

³Classic 70 - X-rays and lab performed in a hospital setting subject to deductible and coinsurance (excludes preventive mammograms).

⁴The out-of-pocket maximum includes deductible amounts, coinsurance, and copays for doctor office visits and prescriptions. After you pay eligible expenses that total the out-of-pocket maximum amount, the plan pays 100% of additional eligible charges for the remainder of the calendar year.

Pharmacy Coverage

Avnet offers employees enrolled in a UHC medical plan access to thousands of retail pharmacies, including all large national chains, local community pharmacies, and the Mail Service Pharmacy. You can access your prescription and mail service information online. Just log in to myuhc.com and visit the pharmacy section. Quickly view your medications, check status, and refill mail service prescriptions that are eligible for refills. If desired, set up mobile text refill reminders.

Happiest Baby Program

Avnet partners with Happiest Baby in bringing new parents the gift of sleep. Happiest Baby makes the "SNOO", a smart bassinet that soothes your baby back to sleep by resembling the sensation of being in the mother's womb.

As part of our U.S. employee benefits package, the company offers expectant parents a bassinet rental program and picks up the SNOO monthly rental fee for the first six months. When you have a happier newborn, you will be more rested and productive when you return to work.

For more details on how you can take advantage of this innovative benefit, please visit HR Now and then contact the HR Service Center up to six months before you welcome your new baby!

Here's what Avnet employees are saying about the SNOO...

"This is our second child and the SNOO has been a game changer. By 6-8 weeks our daughter was only waking up once through the night for a feeding." *Andy, Pewaukee*

"We loved the SNOO and so did our baby! The extra time to sleep was priceless. The app was easy to use for any adjustments and the rental program was effortless." *Amy, Richfield*

"We loved having the SNOO. It was especially helpful in the first couple weeks and by two months our daughter was sleeping through the night." *Jamie, Orlando*

"Everyone should try out the SNOO for the first three months to see if it's compatible with your baby. My second daughter loved the SNOO and I wish I had it for my first. I was able to get so much NEEDED sleep!" *David, Phoenix*

Virtual Visits

Participants in the UHC medical plans can choose a telemedicine provider from one of UHC's in-network doctor groups. Physicians can treat minor issues such as allergies, bronchitis, cold/flu, ear/sinus infections, joint aches, etc., and prescribe medications, as well as address behavioral health issues.

If you are enrolled in the Classic 70 plan, you pay a \$25 copay per visit. If you are enrolled in the HSA 70 or HSA 80 plan, you pay \$49 until the deductible is met, then coinsurance.

*Offers both medical and behavioral health virtual visits

Talkspace

In addition to the UHC network of licensed clinicians, Talkspace is a digital platform that offers another alternative to face-to-face therapy. Choose from 5,000 licensed therapists nationwide and interact via chat, audio/video messaging, or live sessions. You can begin therapy within hours of selecting a provider with no appointment needed. Send messages and receive responses in the confidential Talkspace "room" on the website or mobile app. You can also schedule real-time video sessions as needed.

The cost of a Talkspace virtual visit falls under your plan's benefits (deductible, copay, coinsurance, etc.). Visit [talkspace.com/connect](https://www.talkspace.com/connect) to get started.

Business Accident and Emergency Sickness Medical Coverage/Travel Assistance

When you travel outside the United States on Avnet business, you are automatically covered under Ace Travel Assistance Program if you become ill or have an accident. Benefits include emergency medical and travel services and pre-trip information. Call 630-694-9764 for medical referrals, evacuation, repatriation, and other services.

Employee Resources

Avnet offers the services of Health Advocate and LifeMatters free of charge to all employees and their family members regardless of medical coverage.

Health Advocate

Health Advocate provides healthcare assistance at no cost to you and your spouse, dependent children, parents, and parents-in-law (regardless of health coverage). When you call, you have your own personal health advocate—a registered nurse supported by a team of doctors and administrative experts—to help you.

- Resolve healthcare claims, appeals, and paperwork
- Explain tests, treatments, and medications
- Find the right doctor or hospital
- Research treatment plans and estimate health costs
- Answer questions about Medicare

Health advocate does not replace your health insurance coverage or provide medical care. Rather, it can help you meet your healthcare needs by working through issues with health providers and insurance companies.

Employee Assistance Program

You have access to Employee Assistance Program (EAP) services offered through LifeMatters. The EAP provides free, professional, confidential counseling for all types of personal issues and work/life balance challenges.

When you or a family member calls the EAP's toll-free telephone number, you have immediate access to a trained professional. The EAP professional will discuss your personal concerns with you and make sure you have access to appropriate resources.

You may receive counseling over the telephone with an EAP professional or you may be referred to a counselor in your area depending on your situation and your preference. If you visit a counselor, up to three sessions are provided at no charge to you. If more sessions are needed, the EAP professional can work with your health plan to explore further coverage.

The EAP also offers work/life resource and referral services for:

- Aging parents
- Alcohol/drug concerns
- Balancing work and personal life
- Family conflict/concerns
- Family/parenting/dependent care needs
- Financial/budgeting difficulties
- Grief/loss
- Personal law questions (includes one free 30-minute legal consultation per issue and discounts for ongoing representation)
- Relationship-building skills
- Resolving workplace conflict
- Self-improvement/personal development
- Stress/anxiety/depression

None of your personal information is ever shared with Avnet. You do not need to participate in an Avnet medical plan in order to access EAP benefits.

Dental Options

Avnet offers two dental plans that use the nationwide **MetLife PDP Plus dental network**. While using the same network, the plans differ in how they pay benefits. The PPO Plan covers 100% of preventive services and pays a portion of covered expenses after you meet an annual deductible. The Copay Plan has copays for all network services, including preventive.

Vision Coverage

Avnet offers vision care benefits through Vision Service Plan (VSP). Services such as eye exams, lenses, and frames are covered at private practice optometrists and ophthalmologists in the **Choice network**.

If you go to a network doctor, be sure to let him or her know you are a VSP member when making your appointment. For non-network providers, you must file a claim for reimbursement of covered expenses. **No ID card is issued for this plan; your ID number is your Avnet employee number.**

Flexible Spending Accounts

Avnet offers flexible spending accounts (FSAs) where you can direct pre-tax dollars to be used to pay for eligible expenses. Each year you can choose to contribute to a **Healthcare FSA** and/or a **Dependent Care FSA** (e.g., daycare). If you enroll in the HSA 70 or HSA 80 medical plan, you can choose to contribute to a **Limited Purpose FSA** to pay for dental and vision expenses only. **Commuter Accounts** are available for your public transit and parking costs.

Enrollment

You must re-enroll for coverage in an FSA each year; participation is not automatic. If you enter mid-year, your election is spread over the remaining pay periods in the calendar year.

You will be issued a debit card, which you can use to pay your eligible healthcare and commuter expenses (validation may be required).

Use or Lose

FSAs are subject to a use-or-lose rule. Your balance may be used to reimburse only claims incurred during the calendar year, while you are employed by Avnet, and you must submit reimbursement claims for a year no later than the next March 31, if still employed. If you leave Avnet mid-year, FSA expenses must be submitted within 90 days of your termination date.

You can carry up to \$550 of your healthcare or limited purpose FSA into the next calendar year; however, the IRS rules require that you forfeit any unused dependent care FSA balance*. Unused commuter accounts carry into the next year.

*Special COVID-19 rules may apply

In order to carry over a healthcare/limited purpose FSA into the next year, you must enroll in an FSA for that year.

IRS Rules to Keep in Mind

- Money left in your accounts after the claims filing period may be forfeited (see Use or Lose section).
- You cannot stop or change contributions during the year unless you have a qualified change in status (see page 3).
- Money cannot be transferred between the FSAs.

Avnet provides basic life, accidental death and dismemberment (AD&D), and travel accident coverage at no cost to you. You are automatically enrolled in these benefits on the first of the month after date of hire. You also have the option to purchase additional life insurance for you and/or your family.

Choosing a Beneficiary

When you enroll for benefits, be sure to choose a beneficiary for your life insurance. Even if you don't elect Employee Supplemental Life Insurance, you need to name a beneficiary for your company-provided Basic Life Insurance. At any time, you can change your beneficiaries in Workday. If you choose Family Supplemental Life Insurance, you are the beneficiary.

Elections for life insurance can be changed any time during the year in Workday (see Evidence of Insurability rules).

Evidence of Insurability

When you are first eligible (or within 30 days of a qualified change in status), you may choose Employee Supplemental Life Insurance coverage of one time your annual pay, and/or up to \$100,000 of Family Supplemental Life Insurance without supplying Evidence of Insurability (EOI). Otherwise you need to complete a Lincoln Financial EOI form online at mylincolnportal.com (company code: AVNETINC). Once the insurance company approves your request, your coverage increases to the higher amount elected.

If EOI is required, you receive an email with instructions for completing the form online.

Type of Insurance	Coverage	Special Notes								
Basic Life Insurance Company-paid coverage	1 time your annual pay (or target income) to a maximum of \$500,000. Your coverage is reduced beginning at age 65.	Under IRS rules, employees must pay income tax on the value of their life insurance in excess of \$50,000. To avoid paying taxes on your Basic Life Insurance, you can choose to limit your coverage to \$50,000 when you enroll.								
Accidental Death & Dismemberment Insurance (AD&D) Company-paid coverage	Coverage is equal to your basic life insurance Variable benefits are payable if you die or lose a limb or your eyesight in an accident. Your coverage is reduced beginning at age 65.	If you limit your Basic Life Insurance to \$50,000, your AD&D coverage is also limited to \$50,000.								
Travel Accident Life Insurance Company-paid coverage	Coverage is equal to your basic life insurance to a maximum of \$150,000. Benefit is paid if you or your covered spouse die accidentally while traveling on public transportation. Your coverage is reduced beginning at age 65.	If you limit your Basic Life Insurance to \$50,000, your travel accident life insurance is also limited to \$50,000.								
Supplemental Life Insurance Employee-paid coverage	1-5 times your annual pay (or target income), up to a maximum of \$1,000,000 for the total of your basic and supplemental coverage.	You cannot also be covered as a dependent under family coverage if your spouse works for Avnet.

Life Services

Lincoln Financial offers online will preparation services to document your final wishes, such as designating beneficiaries to inherit property and naming a guardian for minor children. Visit HR Now and search on life insurance for more information.

Avnet provides leaves of absence and disability coverage at no cost to you. You are automatically enrolled for these benefits on the first of the month after date of hire.

Family Medical Leave (FML)

If you have been an employee at least 12 months and worked a minimum of 1,250 hours, you may qualify for benefits under the Family Medical Leave Act. Eligible employees can take up to 12 weeks of unpaid leave during any 12-month period for one or more of the following reasons:

- Birth and care of your newborn child,
- Placement of a child with you through adoption or foster care,
- Care of an immediate family member (spouse, child, or parent) with a serious health condition,
- Medical leave when you are unable to work because of a serious health condition, and
- Needs arising from a family member's call to active military duty or care (up to 26 weeks) for a family member injured in military service.

Special Notes:

- FML runs concurrently with time off for disability, Paid Family Leave (PFL), and Workers' Compensation.
- FML may be taken on a consecutive or intermittent basis.
- If you are non-exempt and are not receiving disability, Workers' Compensation, or Paid Family Leave (PFL) benefits, you must use Paid Time Off (PTO) while on leave prior to going unpaid.
- If both you and your spouse are employed by Avnet, you are jointly entitled to a total of 12 weeks (or 26 weeks) to care for a child or family member.
- Local or state leave laws may prevail.
- Please refer to the FML policy posted on HR Now for complete details.

Reporting a Disability or Leave

If you are unable to work for 5 or more days,

**Call Lincoln Financial at 888-408-7300
or submit online at mylincolnportal.com**

(company code: AVNETINC)

Paid Family Leave (PFL)

PFL provides additional paid time away from work for you to bond with a new child or care for a family member with a serious health condition (as defined by FML). Both non-exempt and exempt employees are eligible for this leave with a minimum benefit duration of five consecutive business days. You are requested to notify your supervisor 30 days before you intend to take PFL, if possible.

- Non-exempt employees can receive up to two weeks of PFL* in a rolling 12-month period (may be used in conjunction with accrued PTO).
- Exempt employees can receive up to four weeks of PFL* in a rolling 12-month period (may not be used in conjunction with FTA).

Please refer to the PFL policy posted on HR Now for complete details.

*Less any state benefits

Short-term Disability (STD)

STD provides financial assistance if you are unable to work for a limited period of time due to your own illness or injury.

- 100% of your pay and/or target income (less any Workers' Compensation or state benefits**).
- Benefit payments begin after a seven-calendar-day waiting period, pending approval by the insurance company.
- You must use available PTO (non-exempt employees) or FTA (exempt employees) during your waiting period.
- Benefit payments can continue up to 12 weeks after your waiting period.

**The following states offer disability benefits: California, Connecticut, Hawaii, Massachusetts, New Jersey, New York, Rhode Island, and Washington, along with the District of Columbia.

Long-term Disability (LTD)

LTD provides financial assistance if you are unable to work for a long period of time due to illness or injury.

If you meet the plan's definition of disabled, the plan provides a benefit of 60% of your monthly pay (target income), up to \$20,000 per month (reduced by most other disability benefits). Benefits are payable starting after STD runs out (90 days) and can continue as long as you remain disabled, up to age 65 or longer.

For the first two years of benefits, you are considered disabled if you are unable to perform your current job duties. To continue receiving benefits after two years, you must be disabled from performing any occupation in which you could be expected to earn at least 80% of your pre-disability earnings.

Please refer to the LTD summary plan description posted on HR Now for complete details.

Retirement & Investment Programs

Avnet sponsors three retirement/investment plans to help employees meet their personal financial goals. In addition to these plans, Avnet contributes to Social Security on your behalf, which also provides retirement benefits.

Pension Plan

You do not make any contributions to the Pension Plan*; Avnet pays for 100% of the cost of this benefit and assumes all financial risk. Enrollment is automatic on the first of the month following one year of employment (with at least 1,000 hours of service) and reaching age 21.

Your retirement benefits build under the plan through annual company contribution and interest credits. After three years of service, you are vested in this benefit. If you leave Avnet after you are vested, you can request your distribution in either a lump sum or through an annuity option. If you leave Avnet before you are vested, your benefits will be forfeited.

The Pension Plan offers a pre-retirement death benefit regardless of your age or marital status. If you were to die prior to receiving a Pension Plan distribution, 100% of your vested account balance will be paid to your spouse or your estate.

**As a percentage of eligible compensation

401(k) Savings Plan

This plan offers you the opportunity to save a portion of your earnings in pre-tax, Roth, and/or after-tax 401(k) accounts, and choose how your money is invested. You are eligible to join the plan on your 30th day of employment (new employees are automatically enrolled for a 3% pre-tax contribution approximately 45-60 days after hire, but can opt out if they do so before the effective date). You can increase, decrease, or stop your election at any time.

You may contribute from 1-50% of pay to a pre-tax or Roth account (capped at 9% for employees who earned \$130,000 or more in 2021) up to the IRS maximum (\$20,500 in 2022) and up to 6% of your after-tax pay. The plan also permits pre-tax or Roth "catch up" contributions (\$6,500 in 2022) for eligible employees age 50 and older. There is no company match for the 401(k).

Fidelity Investments is the administrator for the 401(k) plan. Visit 401k.com to enroll or adjust your contributions, designate your 401(k) beneficiary, change your investments, or utilize retirement planning tools. Since you bear the risk of investment gains and losses, you should carefully review the fund options to understand the risks, fees, and expenses.

NOTE: Contribution limits may be adjusted annually by the IRS.

Employee Stock Purchase Plan (ESPP)

You can become an Avnet shareholder by participating in the ESPP after three months of employment. You can purchase shares of Avnet common stock at a 5% discount through regular payroll contributions. Fidelity Investments administers the ESPP on Avnet's behalf. Visit netbenefits.com to enroll in, make changes, or discontinue contributions to the plan with Fidelity at any time during the year. Requested changes are effective the first paycheck of the following month.

Other Avnet Programs

Adoption/Surrogacy

Avnet reimburses you for most adoption-related expenses or surrogacy costs, up to \$3,500 per child. Adoption assistance is provided for the adoption of children under 18 years of age who are not biologically related to either parent.

Avnet Scholarships

Each year, several scholarships from \$500 to \$2,500 are awarded to children and spouses of Avnet employees. The scholarships are awarded through a competitive selection process to students who show outstanding potential. Applications are due annually in April to our administrator, Scholarship America.

Computer Loans

After one year of employment, you can obtain an interest-free loan of up to \$2,500 to purchase computer hardware and software. To qualify for the loan, you must first purchase your equipment and submit a receipt. You are reimbursed for the purchase, then loan installments are deducted from your paycheck for up to one year.

Discount Insurance

You have the option to purchase auto, home, and pet insurance at special group rates through Liberty Mutual, Farmers, and MetLife. You can pay the after-tax premiums through payroll deductions.

Education Assistance

Avnet reimburses you up to \$5,250 for undergraduate courses (\$7,000 for graduate courses) per calendar year to help meet approved educational expenses. Courses must be for Avnet career development or part of a work-related degree program and be accredited to qualify for reimbursement. There is a six-month waiting period for new employees to qualify for reimbursements.

NOTE: If you voluntarily terminate employment from Avnet within 12 months of receiving Education Assistance reimbursements, you are responsible for repaying those reimbursements in full upon termination.

Service Awards

Avnet honors employees for their years of service by presenting them with monetary service awards at 5 years and every 5 years of service thereafter.

Salary Finance

Avnet offers employees a short-term loan program through Salary Finance. Borrow money at affordable rates to consolidate high-cost debt, assist in a financial emergency, or cover an unexpected expense. You then pay back your loan through convenient payroll deductions.

NOTE: Salary Finance is an optional program, not a recommendation from Avnet. Avnet does not benefit financially from offering this service and all your communications will be with Salary Finance directly. Salary Finance branded loans are offered by Axos Bank® Member FDIC, and are subject to eligibility, underwriting, terms and conditions, and approval. Employees who primarily work in DC, IN, NH, NJ, NY and WV are not able to make repayments via salary deduction due to state legislation, and instead will be asked to choose an alternative repayment method.

For program details, please visit [HR Now on Compass](#).

SALARY FINANCE

Paid Time Off

Avnet encourages employees to take time away from work obligations, spend time with family and friends, rest, relax, and recharge. All regular employees are eligible to receive paid time off for the following situations.

Holidays

Avnet grants 10 paid holidays each year. New employees are paid for scheduled holidays upon hire. Additional holidays may be designated at the company's discretion. Each year's designated holiday schedule is posted on HR Now.

New Year's Day	December 31
Martin Luther King, Jr. Day	January 17
Presidents' Day	February 21
Good Friday/Spring Holiday (2022 only)	April 15
Memorial Day	May 30
Juneteenth	June 20
Independence Day	July 4
Labor Day	September 5
Thanksgiving	November 24
Day After Thanksgiving	November 25
Christmas Day	December 26

Paid Time Off

Non-exempt (hourly) employees earn Paid Time Off (PTO) benefits based on their years of Avnet service*. You stop accruing PTO during any pay period in which you have reached the maximum allowable benefit. PTO can be used for vacation, illness, appointments, emergencies, domestic violence/stalking, or other situations that require time off from work (you are required to use available PTO before going unpaid).

New employees are eligible to use PTO beginning the pay period after three months of employment. If you leave Avnet after three months of employment, your accrued PTO hours will be paid on your final paycheck.

Length of Service	Annual Accrual	Pay Period Accrual	Maximum
0-4 years	128 hours	4.93 hours	128 hours
5-9 years	168 hours	6.47 hours	168 hours
10-14 years	208 hours	8.00 hours	208 hours
15-19 years	224 hours	8.62 hours	224 hours
20+ years	240 hours	9.24 hours	240 hours

In addition to PTO, Avnet grants you up to five work days off with pay to attend the funeral of an eligible close family member. One day off with pay may be granted to attend the funeral of other relatives. Additional details are available on HR Now.

*Part-time non-exempt employees who are scheduled to work 20 or more hours per week (but less than 40) qualify for prorated PTO accruals based on their scheduled work hours.

NOTE: If an applicable state or local law provides for a greater benefit, the benefit provided by such law applies.

Flexible Time Away

Exempt employees have Flexible Time Away (FTA) benefits, which allow paid time away from work to relax and refresh along with the flexibility to manage business and personal needs. FTA covers the following types of time away: vacation, personal illness (up to five consecutive business days after which short-term disability benefits may be available), domestic violence/stalking, and death in family.

Time off requests are subject to supervisor approval, taking into consideration business requirements, job performance, and the ability to meet work commitments and duties. You are encouraged to make plans in advance and submit FTA requests as early as possible to minimize scheduling conflicts. New employees are eligible for FTA upon date of hire, but time off should be limited during the first 90 days of employment.

Volunteer Time

Avnet encourages employees to be involved in their communities wherever they may live. Through the Volunteer Time program sponsored by Avnet Cares, you are granted up to eight hours of company time annually to volunteer for a 501(c)(3) non-profit organization meeting Avnet's eligibility criteria (supervisory approval required). More details are available on the Avnet Cares page on Compass.

Tobacco Users

Employees who use tobacco products (not dependents) **pay an additional \$20 in biweekly contributions for medical coverage***. Avnet defines a tobacco user as anyone who uses cigarettes, cigars, pipes, chewing tobacco, and/or e-cigarettes. You can be considered a non-user if you are free from tobacco use for a minimum of six months.

*If you are trying to stop using tobacco products, but have found it difficult due to nicotine addiction, you can elect a non-tobacco-user medical option if you:

- Participate in a **tobacco cessation program** (see page 7);
- Begin using nicotine replacement under a physician's supervision; or
- Create an individually-designed program with your physician.
